

Innovation for Our Energy Future

NREL Energy Forum

Invitation

NREL Energy Forum in partnership with **Greenprint Denver**

Saving Energy and Implementing Sustainable Practices

Cultural institutions and not-for-profit organizations are seeking ways to conserve energy and implement sustainable business practices. The forum will feature NREL technology experts who will address how to control energy costs, ways to become green and opportunities for adopting renewable energy technologies. Also, hear from cultural institutions who are garnering community support for energy alternatives and putting them into practice. NREL will showcase energy efficient and renewable energy technologies during a building tour and explain how NREL "walks the talk" through the Sustainable NREL program.

Featuring – The Denver Zoo, Denver Museum of Nature and Science, Greenprint Denver, NREL energy experts, Lakewood Mayor Burkholder and Denver Mayor Hickenlooper (invited).

Friday, April 27, 2007
8:30 a.m. to 4 p.m.
Cost: Free, includes lunch

National Renewable Energy Laboratory
Visitors Center
15013 Denver West Parkway, Golden

RSVP by Wednesday, April 25 to Jean Avenriep at jean_avenriep@nrel.gov or 303-275-4090.

Please indicate your attendance in the afternoon NREL Building Tour and confirm you are a U.S. citizen. Non-U.S. citizens should contact us immediately to make the necessary arrangements for tour participation.

NREL is a U.S. Department of Energy secured site. Tour participants are required to provide government-issued photo identification (U.S. Driver's license) for NREL site entrance.
